ABOUT KIIT

Kalinga Institute of Industrial Technology (KIIT) Bhubaneswar, founded in 1992 by the visionary educationist and philanthropist Dr. Achyuta Samanta, has established itself as an unparalleled powerhouse of professional education. Spanning a massive 36-square-kilometre township that features 30 state-of-the-art green campuses, KIIT currently hosts a vibrant community of 40,000 students from across India and 70 countries, operating alongside its unique, world-renowned sister concern, the Kalinga Institute of Social Sciences (KISS).

The university's exceptional academic framework is underscored by its top-tier **NAAC A++ grade** and elite international accreditations from **ABET (USA) and IET (UK).** It has an impressive 17th rank overall in the NIRF India Rankings. In its historic **2026 milestones**, KIIT scaled spectacular global heights by climbing to **4th position in India and 1st in Eastern India** in the *Times Higher Education (THE)* World University Rankings 2027. Furthermore, it locked in the **6th spot nationally** in the *THE* Asia Rankings and an extraordinary **4th position globally** in the *THE* Sustainability Impact Rankings, leading the nation across three Sustainable Development Goals (SDGs).

These educational achievements are perfectly paired with a sprawling infrastructure that includes the 2,600-bedded KIMS super-speciality hospital and a cutting-edge 22-storey innovation wing. This relentless pursuit of institutional excellence earned KIIT the prestigious **"Excellence in Globalization" award** at the 21st FICCI Higher Education Summit 2026, alongside the coveted Cisco University Excellence Award. Beyond the classroom, KIIT's world-class athletic facilities have built a legendary sports ecosystem, proudly nurturing **24 Olympians.** Student-athletes from KIIT & KISS clinched an incredible haul of **21 medals** at the **2026 Asian Games**, cementing its legacy as a premier global institution.

ABOUT KIIT POLYTECHNIC

KIIT Polytechnic (KP), Bhubaneswar, established in 1995 by renowned educationist Prof. Achyuta Samanta, stands as Odisha's most sought-after diploma institute. Anchored in student-friendly innovation, KP delivers exceptional academic strength integrated with high-end professional skills. The institute boasts stellar placement records and elite career pathways, making KP students highly desired candidates for reputable universities, major public sector industries, and top multinational sectors. This success is driven by an industry-aligned curriculum, immersive internships, and out-of-the-box thinking nurtured by expert educators. By blending technical mastery with personality development, KP consistently shapes industry-ready professionals poised for global success.

ABOUT ISTE

The Indian Society for Technical Education (ISTE) is a national, professional, non-profit society registered under the Societies Registration Act, 1860. First started in 1941 as the Association of Principals of Technical Institutions (APTI), it was converted into "Indian Society for Technical Education" in 1968 with a view to enlarge its activities to advance the cause of technological education. The primary objective of ISTE is to contribute to the advancement of technical education by supporting the education, training, and professional development of highly skilled and competent engineers and technicians capable of meeting the evolving technological and developmental needs of the Nation. Being the only national organization of educators in the field of engineering and technology, ISTE effectively contributes in various missions of the union government and is well associated with the ministry of human resource development, AICTE/DST/MIT/State Govt. for programs relating to technical education.

INVITATION

KIIT Polytechnic invites Polytechnic students of Odisha from various ISTE student chapters for 3rd ISTE Odisha Section students' Annual Convention (for Polytechnics) to be held on 11th & 12th November 2026. In this occasion, eminent speakers from academics will be present their views on the convention topic. The **registration fee is Rs. 200/-** per student delegate. The registration fee is to be paid in CASH on the date of convention at KIIT Polytechnic, Bhubaneswar.

ABOUT SEMINAR

The technical seminar **Skill to Solutions: Diploma Engineers as Problem Solvers** bridges classroom learning with real-world industrial applications. Designed specifically for diploma students, this session transforms your foundational technical skills into impactful, practical solutions. You will learn to cultivate an analytical mindset, master advanced troubleshooting techniques, and understand exactly what top multinational and public sector employers look for in modern engineers. By demonstrating how to leverage your hands-on laboratory and workshop training to tackle complex on-site challenges, this seminar directly accelerates your career readiness, enhances your placement potential, and positions you as an indispensable, future-ready professional in the engineering industry.
